DGSX13 Air Conditioner

R-410A Refrigerant
13 SEER

We build quality into every component of our Amana® brand heating and air conditioning products. That's why our **Amana® Distinctions® brand DGSX13 Energy-Efficient R-410A Air Conditioner** has a Seasonal Energy Efficiency Rating (SEER) of 13. With an **Amana Distinctions brand DGSX13 Air Conditioner**, your savings, versus a lower SEER unit, can add up very quickly — especially in hot weather, when energy use can increase dramatically.

The savings start with our efficient condensing coil design. We use only high-quality rifled copper tubing and corrugated aluminum fins, which can withstand the corrosive effects of moisture and extreme temperatures. Our coil design provides more cooling surface, which further increases efficiency and decreases your energy bill. Additionally, every coil that goes into an **Amana Distinctions brand DGSX13 Air Conditioner** is thoroughly tested.
